

Acrylic Bookmarks

In this kit, you will find:

- Acrylic bookmark
- Tassel
- Sheet of stickers
- Mod Podge
- Paint brush

Optional items (not included):

- *Sharpie or paint markers*
- *Any desired embellishments (dried flowers, glitter, etc.)*

INSTRUCTIONS:

- Peel the plastic protective coating off both sides of the bookmark.
- Apply stickers to the bookmark in a design of your choosing. Alternately, you may use any method you desire to decorate the book mark.
- Apply a thin and even coat of Mod Podge over the side of the bookmark that has been decorated. This will prevent the stickers or embellishments from peeling. Once dry, apply 1-2 additional coats of Mod Podge.
- Once the Mod Podge is fully dry, attach the tassel to the bookmark. To attach the tassel, insert the non-tasseled end into the hole in the book mark. Pull part-way through the hole, loop over the tassel, and pull to tighten.
